CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Costume Parade To Be Local Feature

The costume parade will again be the outstanding feature of the annual Halloween Carnival of the Conal Point Parent-Teacher Association to be held on the school grounds Saturday night.

For the judging of the costumes the children will be divided into four age groups and four cash prizes will be awarded in each group to the children judged to be wearing the most beautiful, the most comical, the most original and the most typical costumes. County Commission Vice Chairman Paul Rardin will act as master of ceremonies.

The carnival will get under way at 6 p. m. with the opening of the PTA food booth in the school cafeteria. Each grade at the school, first through eighth, will sponsor a food or entertainment booth. Room mothers will be hostesses during the serving of free refreshments to the children.

W. E. Johnson is chairman of the committee in charge of arrangements.

Retreading Job On SR715 For \$68,168

State Road 715 from the East Shore Pump Station south through Chosen to SR80 will be retreaded within the next few weeks, according to County Commission Vice Chairman Paul Rardin. Bids were received in Tallahassee on Tuesday of this week and Dixie Asphalt Company was low bidder at \$68,168.00 according to information from the state capital.

In last year's State Road Department budget the same road from Pahokee south to the East Shore Pump was retreaded. Now, this year's contract will complete retreading of the entire highway which is fast becoming the most popular highway in the Lake Okeechobee Region.

Hunting Season Is Regulated In Fla.

Florida Hunting, as in other states, is regulated. The agency handling the regulation is the Florida Game and Fresh Water Fish Commission, A. D. Aldrich, Director, Headquarters are in Tallahassee; field offices are located in Panama City, Lake City, Ocala, Lakeland and Okeechobee.

Here is the breakdown on hunting license costs:

Resident, county (hunting only in the county in which you reside): \$2.

Resident, other than home county: \$4.

Resident, statewide: \$7.50.

Non-resident, 10-day continuous: \$11.50.

Non-resident, county (but land owner, 3,000 acres, and taxpayer): \$11.50.

Non-resident, state-wide: \$26.50.

Alien hunters: \$50.

A duck stamp (waterfowl hunting) costs \$3.

Jaycees Host To Vero Beach Club

The Pahokee Junior Chamber of Commerce was host to a Vero Beach Jaycees orientation team at a dinner meeting in the Woman's Club building Wednesday night. The Jaycees, now conducting their annual membership drive, plan to sponsor, in cooperation with the Pahokee Police Department and the Florida Highway Patrol, a motor vehicle safety check in Pahokee in the near future. Douglas Gillis was recently elected secretary of the group to fill the vacancy left by the resignation of Julian Snyder who has moved to Tampa.

Farm Bureau Has Annual Barbecue

New directors were elected at the annual dinner meeting of the Everglades Farm Bureau held in the Community Building at Canal Point Tuesday night with Walter Kautz, president, presiding.

Directors from the Pahokee-Canal Point area include Walter Kautz and Hilton Jones, one-year term; Floyd Erickson and J. W. Repper, two-year terms; and Joe E. Thompson and Lester Hand, three-year terms. Those representing the Belle Glade-South Bay area are F. C. Markham and E. R. Mackey, one-year terms; J. K. Baker and C. Figueroa, two-year terms; and Paul Kirchman and Robert Stokes, three-year terms. The board of directors will meet in the Community Building Thursday night, Nov. 5, to elect officers and make plans for the coming year.

J. K. Baker, C. Figueroa, Walter Kautz and Robert Stokes were elected delegates to attend the state convention of the Florida Farm Bureau Federation at Clearwater, Nov. 8-10.

President Walter Kautz gave a report on the activities of the EFB during the past year. C. Figueroa reported on the new EFB office that was established in the Elsberry building at Belle Glade last April. Reports were also given by Carl Waggoner, service agent for the Glades area; Floyd Erickson, treasurer, and Robert Stokes, membership chairman.

Guest speaker was Ray Mosley, manager of Farm Bureau insurance with headquarters at Gainesville, who urged every member to explain the many services offered by the Farm Bureau to his neighbors who are not yet members.

J. K. Baker and his committee were in charge of preparing the barbecue for the dinner. The wives and children of members were dinner guests.

No Tags Issued Until January 4th

A few persons have gone to the tax collector's office in the Glades Office Building under the impression that they can purchase their 1960 car license plates at the present time but this is a false impression as none of the new tags can be issued before Monday, Jan. 4, according to Mrs. George C. Young, manager of the Glades branch office for Stetson O. Sproul, tax collector.

Persons who wish to reserve a special number on their 1960 tags may do so by paying the full price of the tag in November, plus a fee of \$1 for the reservation, providing the number desired has not already been reserved at the time the application is made, Mrs. Young said. Those who get the same tag number year after year make their reservation payments in October, but no new 1960 tags under any circumstances will be issued before the first Monday after New Year's Day, she added.

Directors from the Pahokee-Canal Point area include Walter Kautz and Hilton Jones, one-year term; Floyd Erickson and J. W. Repper, two-year terms; and Joe E. Thompson and Lester Hand, three-year terms. Those representing the Belle Glade-South Bay area are F. C. Markham and E. R. Mackey, one-year terms; J. K. Baker and C. Represent Girl Scouts At Scout Council

Pahokee Girl Scout Cypress Neighborhood was represented at the semi-annual meeting of the Pahokee Girl Scout Council at the McArthur Dairy by Mrs. E. C. Johnson, Mrs. J. H. Wilkinson, Jr., Mrs. Hugh Branch, Mrs. Leland Keene and Mrs. William S. Plumer. At the meeting a report was given by senior Scouts of East Coast troops of the International Girl Scout Roundup which they attended in Colorado the past summer.

Do You Know Any Of These Registrants?

The following registrants are instructed to report their present address to Local Board No. 148, Belle Glade, Florida without delay: L. C. Stewart; David Gadson; Tommy Lee Sabb; Allington Seymour; Jimmie Lee Terry; James Felton Watkins and Joe Wilson, Jr. Anyone knowing the whereabouts of any of the above registrants should telephone WY 6-3031 in Belle Glade.

Airport Road Will Be Extended Mile

Tentative plans have been made for extending Airport Road at Belle Glade another mile east from its present terminus seven miles east of SR715, according to County Commissioner Paul Rardin who said this week that plans call for the right-of-way to be given by Sam N. Knight. The present road was built by the county and completed with muck shoulders and grass only a few months ago, Rardin said. It is hard surfaced.

Airport Road leads into one of the finest farming areas on the shore of Lake Okeechobee and an additional mile will put much more acreage on a hard road leading to the packing house area.

Ice Plant Road (NW Avenue "L") in Belle Glade was recently retreaded with asphaltic concrete, by Palm Beach County, according to Rardin under whose direction the work was done. Rubin Construction Company of West Palm Beach was low bidder on the job and completed the work last week. Ice Plant Road is the western extension of Airport Road and is also known as Osceola Camp Road.

Rardin said that county road crews have completed the job of rebuilding the shoulders on the road following the retread work. Before the black top retread was put on county crews widened the road three feet from the ice plant west to SR715 in Chosen. Now that the entire busy stretch of road is in excellent condition it is carrying heavy traffic to and from the packing house area.

Last Rites Held For J. R. Miller

Funeral services for John R. Miller, Sr., 71, of Pahokee were held Tuesday at 3 p. m. at the Church of God on Barfield Highway with the Rev. Louis Minor, pastor, officiating.

Mr. Miller died Saturday at the home of his daughter, Mrs. Jewel Large, in West Palm Beach, whom he was visiting when he became ill. He had been a resident of Pahokee since the pioneer days and was widely known as manager of the Pahokee store of Kilgore Seed Company before his retirement several years ago.

He is survived in addition to Mrs. Large, by his wife, Lena, Pahokee; two sons, Thomas L. Miller, Pahokee, and J. R. Miller, Jr., Belle Glade; another daughter, Mrs. Leona Rainier, Pahokee; four brothers and four sisters, all of Florida; 14 grandchildren and six great grandchildren.

Pallbearers were Robert B. Simonsen, S. J. Baggett, Milton Douglas, Joe Waddell, Herman Kautz and Olaf Boe.

Burial was at the Port Mayaca Cemetery. Williams-Wetherington Funeral home was in charge of local arrangements.

Mr. and Mrs. Axel Jensen of West Palm Beach visited their son-in-law and daughter, Mr. and Mrs. Ralph Crews, in Pahokee Saturday.

Trick Or Treat Cash Saturday Night Will Go To Benefit UNICEF

Tomorrow evening little spooks and goblins, spacemen and witches will ring the doorbells of Canal Point and towns-folks will hear the familiar chant, "Trick or Treat for UNICEF!"

Sponsored locally by the Methodist MYF and Baptist TU and nationally by the U. S. Committee for UNICEF, the United Nations Children's Fund Halloween program will be carried out at the same time in some 10,000 other communities. Last year more than two million American youngsters participated in the biggest project ever carried out by children to help children, raising a total of over \$1,250,000.

Each penny collected by the Trick or Treaters wearing the UNICEF black and orange tag tomorrow night can mean five glasses of milk for a needy child overseas, or the BCG vaccine to protect him from tuberculosis. A

nickie's worth of UNICEF pencils will cure a child of yaws, a crippling tropical disease.

The junior citizens of Canal Point participating in Trick or Treat for UNICEF will meet at the Methodist Fellowship Hall, Saturday at 5:15 P. M. They will canvass the neighborhood in small groups, escorted by young adults who are also volunteering their time. After the collection, all will meet back at the same place for a penny-counting party.

UNICEF is not a give-away program. Governments that request its aid spend an average of more than \$2.50 for each \$1.00 in UNICEF supplies.

Both groups representing the local drive appreciate the way our folks have responded in the past and are looking forward to doubling the amount collected last year for such a worthy cause.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

A check of Palm Beach County's water levels during flood periods is being completed by the county's engineering department, in hopes the survey will point up steps to be taken to prevent high water—particularly in residential sub divisions.

The county commission this week, in a report from County Engineer Steve Middleton, heard that readings had been taken around the clock during recent heavy rains and that this information together with data gathered from other sources, will be used in the survey.

In another action concerning high water, the commission voted to ask the Central and South Florida Flood Control board to join the county in a study of drainage conditions.

Commission Chairman Lake Ly-

tal said he believed the FCD owed it to the citizens of the county to join in the survey. He said the flood control group is in charge of the West Palm Beach Canal which controls runoff from the lowlands hard hit by floods.

The commission agreed it would ask the FCD to study the possibility of increasing the run off potential of the canal during flood periods.

In still another action concerning drainage, the board authorized its engineer to confer with officials of Westward Development in an effort to work out a system to control high waters in the area which developers are filling in for home construction. The study is also to include determining location of canals so when State Road 9 is built, provisions can be made to bridge the water controls.

Examining Boards Named In County

Temporary 90-day appointment of four county examining boards was approved Monday by the county commission.

The four boards were authorized in a legislative act setting up an examining system for tradesmen doing business in Palm Beach County. Later the commission delayed naming members of the examining groups, since it was first believed that craftsmen serving on the boards would eliminate themselves from doing business with the county.

Asst. County Attorney Henry Lillenthal said the State Attorney General has ruled that craftsmen serving on the examining boards could bid on county work on a competitive basis "so long as no violation of public policy was involved."

The commission, hearing the attorney's report, made the following appointments—

General Contractors — Clifford Lissenden, Norman Schmid, Jeffrey Powell, W. H. McLaren and C. L. Hendrick.

Specialty Contractors — H. Carpenter, C. A. Fleischer, James Henry, J. M. Boe and John Adair.

Plumbing Contractors — Ray Ferguson, Robert Burns, Ben Richman, Llewellyn Burgess and George Votaw.

Electrical Contractors — R. E. Owen, Richard Palmer, Jr., J. C. McMullen, Richard Lore, Jr., and Fred Seelman.

Appointments to the various boards were made from men recommended for the posts by the Joint Cooperative Committee. Robert McClintock, director of the JCC, said it would take about 90 days to screen the 7,000 occupational licenses now in use in the county.

Lions, Rotes Assist Pahokee Carnival

The Lions Club, the Rotary Club and other civic groups are cooperating with the Pahokee Parent-Teacher Association by sponsoring entertainment booths at the annual PTA Halloween Carnival to be held on the old athletic field Saturday night, starting at 6:30 o'clock.

Each of the school rooms will also have food and entertainment booths. There will be hay rides, fire truck rides, pony rides, sponge throws, fish pond, wheel of fortune, cake walks and other forms of entertainment of interest to children and adults, according to J. H. Wilkinson, Jr., general chairman. Clowns will roam the field through the evening and a dance is being planned for the teenagers.

Mr. Wilkinson is being assisted in arrangements by Mrs. Lester Hand. The public is urged to attend the carnival which is PTA's only fund-raising project of the year.

Attend Funeral From Out-Of-Town

Those from out of town who attended the funeral services for J. W. Cruthirds at the Pahokee First Methodist Church last week were Mr. and Mrs. O. E. Haufier, Mr. and Mrs. H. S. Swindall and Mr. Mrs. Harold Johnson, all of Gainesville; Mr. and Mrs. John Erickson, Mr. and Mrs. Reg Skellinger, Mr. and Mrs. R. W. Johnson, Mrs. Alene Shamrock, Mrs. Madeline Peterson, William Stanger and P. O. Smith, all of Salerno; Mr. and Mrs. Jimmy Graham, Hobie Sound; the Rev. Ralph Todd, Daytona Beach; Mr. and Mrs. Gene Wirwahn and Lynn Hunter, all of Fort Lauderdale.

Appointments to the various boards were made from men recommended for the posts by the Joint Cooperative Committee. Robert McClintock, director of the JCC, said it would take about 90 days to screen the 7,000 occupational licenses now in use in the county.

Use Higher Analysis Cut Fertilizer Cost

GAINESVILLE — In general, Florida farmers get every seventh ton of fertilizer free just by buying a 9-9-9 instead of a 6-6-6 fertilizer when both are made from identical materials.

This is asserted by Dr. D. O. Spinks, associate professor of soils with the University of Florida College of Agriculture.

Dr. Spinks points out that the cost of mixing, bagging, transporting, storing, and spreading a ton of fertilizer is the same regardless of the units of plant food it contains. "If these costs can be divided over a larger number of units," he said, "a saving is made."

Savings may also be made by using inorganic sources of nitrogen instead of organic sources, says the professor. He says research data from all sections of the country have shown that inorganic sources usually give as good results as organic, and at a much lower cost.

Dr. Spinks lists six methods of obtaining fertilizer savings without losing efficiency in production: "Use higher analysis fertilizers; use inorganic sources of nitrogen; buy fertilizer in bulk instead of bags; use straight materials on highly fertilized crops; fit the fertilizer analysis to a soil test; and select cheaper materials as a source of plant food."

Juvenile Problem Brings Bid For Help

The county commission this week decided to go straight to the FBI to get help for juvenile delinquency problems.

The board has received a number of requests from Alton Murray, head of the juvenile department, for changes at the county children's home, for added detention facilities and other changes.

The board said it believed a study of the problem should be made in an effort to determine if board action on these requests would be the right move.

The commission said it believed the problem should be surveyed and studied and voted to seek the help of J. Edgar Hoover, chief of the FBI in picking a firm to do the job.

Meantime, a request from Murray that stockade facilities at the Palm Beach Airbase be used for detention of juvenile, was taken under advisement. The board asked that cost estimates for remodeling the stockade be presented for further consideration.

In other actions the commission voted to work out arrangements with J. E. Griner, consulting engineer from Tampa, for a survey to forecast the county's building needs.

Set a meeting for next Monday with County Registrar Dewitt Upthegrove and Frank Sakser, voting machine custodian, to determine how many new voting machines the county should buy.

Voted against moving chapel from Palm Beach Airbase to the County Home because of expense involved, and decided to consider construction of a chapel at the home.

Agreed to secure a supply of spare parts for the county sand transfer plant at Palm Beach to assure continuous operation.

Heard that four laning of U. S. 1 through Delray Beach will be up for bids in January if right of way is secured by that time.

Mrs. Joe Thompson Presented Program

Mrs. Joe E. Thompson presented a program on "Missions at Hong Kong" at the October meeting of the Pahokee First Baptist Women's Missionary Union held at the church with Mrs. E. B. Gamble, president, presiding. She was assisted by Mrs. W. A. Keen, Mrs. Horace Unwin and Mrs. C. L. Shirley, Sr.

At the business session the group voted to change the date of its monthly meetings from the fourth Monday to the first Tuesday of each month, starting at 3 p. m.

Farmer Gets Unjust Onus For Numerous Modern Society Ills

A Midwest farm paper editor has said that "agricultural historians of the future will mark the present decade as one in which farm people lost the understanding and respect of their fellow Americans. Seldom has a professional group been so systematically and inaccurately reviled."

National magazines decry the fact that "farmers are willing to sit back and do nothing at all" for payments they supposedly receive from the Federal government. Others even suggest that without farm support programs and other agricultural appropriations, taxes could be cut, schools could be given more money, highways could be built, and so on almost without end.

No wonder a prominent California said recently before a national committee, "I have watched with concern—indeed horror—over the years as a concentrated effort is made to inflame an unenlightened public against the American farmer. He is systematically blamed by the people for starting and propagating nearly every social ill of our century."

With such a small percentage of the population (less than 12 percent) now producing all the food and fiber for the entire population, more and more people have little or no contact with farming or farm life.

As Director J. R. Beckenbach of the Florida Agricultural Experiment Station says, "For all the daily food supply at the supermarket could be replenished from basement shelves." More and more people fail to realize fully that their food and much of their fiber must be produced on somebody's farm somewhere.

And those who think the farmer is getting the lion's share of the national income might consider the cold facts. The gross national product of the United States was announced recently as \$485 billion a year. In 1958 the American people spent \$57.7 billion for food that was grown on American farms. Of this, \$36.9 billion went to marketers and others performing necessary services and only \$20.8 billion to the farmer who produced the food.

Never before in history has a nation been fed with such an abundance of quality and variety at such a low cost. The price of foodstuffs, remaining low or rising only slightly, has been a brake that has kept the cost of living from rising more rapidly in the last few years. Indeed, it would appear at times as if the farmer were subsidizing the rest of the population with low-priced foods.

The commission said it believed the problem should be surveyed and studied and voted to seek the help of J. Edgar Hoover, chief of the FBI in picking a firm to do the job.

The farmers can't live without the city, but the city certainly would be in a sorry plight if it had no-farm neighbors.

Brownie Troop 30 Celebrate Birthday

Girl Scout Brownie Troop 30, Mrs. Don Collier and Mrs. Gloria Griffith, leaders, celebrated its first birthday anniversary at a party in the social hall of the Pahokee First Methodist Church. Jeanette Webb and Mary Ann Rowell were welcomed as new members. Games and songs were enjoyed.

Center of attraction was a large birthday cake decorated in Scott colors. Refreshments were furnished by committee mothers, Mrs. F. H. Poteete, Mrs. Joe Hatton, Jr., and Mrs. Frank Friend.

Brownies Elect New Officers

Brownie Scout Troop 247 at a meeting in the social hall of the First Methodist Church divided its membership into two patrols and elected officers. Joan Geraghty was elected leader of Patrol One, Georgia Barber, scribe, and Gloria Williams, treasurer. Patrol Two elected Jan McQueen, leader; Debbie Parrish, scribe, and Stephanie Millis, treasurer.

Shoot The Game, Not Phone Wires

Now that hunting season is underway you are asked to be careful to avoid hitting a telephone wire or pole.

This request is made by Zeke O'Farrell, Group Manager for Southern Bell Tel & Tel Co. here in the Glades. There have been instances of damage to telephone equipment in the Glades which prompted this request.

If a shot penetrates a cable or breaks an insulator a telephone can be put out of order thereby causing someone to miss his calls.

Cultural Practices Cut Frost Damages Among Truck Crops

GAINESVILLE—Cultural practices offer one of the most reliable methods of preventing frost damage to Florida vegetables, according to M. E. Marvel, assistant vegetable crops specialist with the Florida Agricultural Extension Service.

Frost is always an important factor in Florida's winter vegetable season, says the specialist. Frost can be anticipated in any part of the peninsula from November through March.

Crops suffering from lack of fertilizer or an unbalance of available nutrients are always more susceptible to cold. Anything that will increase the salt or sugar concentration of the cell sap, or increase the water-holding capacity of the cells, will increase cold resistance.

"Do not cultivate if frost is expected," warns Marvel. Bare, compact soil will give more protection than loose, dry, cultivated soil or mulched soil.

Water used properly, can give a lot of frost protection. The prevailing wind during cold weather is usually from the northwest, so the southeast sides of Florida's large lakes are always warmer.

Irrigation water may be used most effectively for frost protection. With subsurface irrigation, always keep the water table high when cold weather is expected, says Marvel. Even flooding may be used if the water is held over the plants for only a short time. Since some plants are more sensitive to water than others, caution must be used. A few hours of water over celery can ruin it, but tomatoes and peppers can tolerate up to 36 hours under water if it is removed rapidly.

Funeral Services Held For C. J. Grantham

Charlie J. Grantham, 56, of Douglas, Ga., died unexpectedly Monday afternoon shortly after arrival at the Everglades Memorial Hospital. For the past two months he had been the guest of his daughter, Mrs. Lucille Harper, at Canal Point where he became ill and was taken hurriedly to the hospital. He was a veteran of World War II.

Survivors, in addition to his daughter, include four brothers and three sisters, all of Georgia.

The body was sent by Williams-Wetherington Funeral Home to Douglas, Ga., for last rites.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. *That means a return of up to 80% more than you originally paid.*

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2055 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67... a \$37.50 Bond will be worth \$67.34... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90... in 9 years and 8 months, you'll have \$2,360.70... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Survey Launched To Control Cancer

A sweeping survey will be launched across Palm Beach County Nov. 1, with 1,500 families scheduled for interview in an effort to uncover new information needed to control cancer.

The survey is being conducted under the direction of the Palm Beach County Unit of the American Cancer Society with a team of volunteer workers slated to conduct the interviews and to handle the cancer information questionnaire.

Mrs. Jane Cook, president of the Cancer Unit, said most of the volunteers have been recruited from the ranks of the American Legion Auxiliary under the direction of Mrs. C. C. Walters, the Auxiliary's district service chairman.

Another team of volunteers working in West Palm Beach will be directed by Mrs. James Graham whose work will be made up of WSCS members from the First Methodist Church.

Mrs. Cook said the job of the volunteer will be to furnish the 1,500 families with copies of the questionnaire—one for men and the other for women. The individual will complete their own questionnaire in privacy and will put the information into a special envelope which will carry the questionnaire to the Cancer Society's national Research Staff.

Mrs. Cook emphasized that none of the questionnaires will be reviewed on county or state levels—the information will be kept strictly confidential.

Goal of the Cancer Prevention Study is to determine why some people get cancer and others do not. It will also involve a mass of other data which will add valuable information to the whole area of cancer research.

Mrs. Cook emphasized that none of the questionnaires will be reviewed on county or state levels—the information will be kept strictly confidential.

Missionary Group In First Fall Meet

The first meeting of the new
year for the Womans Missionary
Society of the Canal Point Baptist
Church was held at the Church
Monday night Oct. 26th at 8 p. m.

Mrs. R. J. Maxson presented a
thoroughly interesting program on
Hong Kong. An Oriental theme
was carried out with objects from
China and Japan adding interest.
One of the members was in Oriental
attire, which added much interest
to the program. The Devotional
"I Give Myself" was given by Mrs.
R. J. Maxson. Others taking part
on program were: Mrs. Charles
Maxson, Mrs. D. P. Hughes and
Mrs. W. S. Evans. Mrs. D. P.
Hughes, Prayer Chairman, stressed
the importance of the Season of
Prayer that is soon to be observed
by the women of the church.

The program closed with a per-
iod of self-dedication and prayer.
Mrs. C. D. Stewart, President of
the WMS, presided over the busi-
ness session, with 18 members
present.

An Oriental theme was carried
out in a social hour which followed
after the meeting under the di-
rection of Mrs. R. J. Maxson, Mrs.
Charles Maxson and Mrs. H. C.
Clark. Hot tea and crackers were
served in keeping with Oriental
customs.

GIRL SCOUT TROOP 38 HOLD MEETING

Pahokee Girl Scout Troop 38 met
in the office of Dr. E. C. Johnson's
Clinic Wednesday when the troop
was divided into three patrols and
plans were discussed for a benefit
rummage sale.

Carol Mae Hatton and Paula
Duke led the group in the singing
of new songs and playing new
games. Mrs. E. C. Johnson, leader,
asked each member for a report of
badges earned but not yet received.
Mrs. Fern Frank is assistant leader
of the troop.

Elaine Salvatore,
reporter.

Mr. and Mrs. Robert Fisher have
returned from a business trip to
New York City and Jacksonville.

Received As New Members Of PWC

Mrs. Mae Pope, Mrs. Esther Bat-
chelor and Mrs. Nell Hunt were re-
ceived as new members of the Pa-
hokee Woman's Club at the lunch-
eon meeting in the clubhouse.

Guest speaker was Mrs. H. C.
Graham who spoke on welfare
work in the Glades area. She was
introduced by Mrs. Louise Stanley
who was in charge of the program.

It was voted to sponsor as a club
project a Cancer Work Day at the
clubhouse to be held the first Wed-
nesday of each month from 9:30 a.
m. to 2:30 p. m., when bandages
and dressings for local cancer pa-
tients will be made. Mrs. Lloyd
Hundley, Pahokee director for the
American Cancer Society, will be
in charge. She will be assisted by
Mrs. Bert Padgett, cancer work
day chairman for the club. All wo-
men of the community are urged to
participate spending what time
they can during the specified
hours.

Glenda Fay Russom Weds Vance Broome

Miss Glenda Faye Russom, dau-
ghter of Mr. and Mrs. Curtis Russom
of Pahokee, became the bride of
Vance Broome, Jr., son of Mr.
and Mrs. Vance Broome of Belle
Glade, in a double ring ceremony
at the Church of the Nazarene in
Pahokee Sunday, Oct. 25, at 2 p. m.
The vows were read by the Rev.
Charles F. Craswell, pastor, in the
presence of immediate members of
the two families.

The bride, given in marriage by
her father, wore a street-length
dress of light blue wool jersey with
black accessories and a white or-
chid corsage. She carried a white
prayer book topped with orange
blossoms.

Mrs. Jimmy Shirley and Mrs.
Bob Sears, twin sisters of the
bride, were her attendants.

Mr. Broome, Sr., served as his
son's best man.

Mr. and Mrs. Jimmy Shirley were
hosts at the reception which fol-
lowed the ceremony at the Shirley
home. They were assisted by Mr.
and Mrs. Bob Sears.

The bride is a graduate of Pa-
hokee High School Class of 1959.
While in high school she was a
member of the PHS Band for five
years and served as leader of the
majorettes for two years. Before
her marriage she was a student at
Florida State University, Tallahas-
see.

The bridegroom was graduated from
Belle Glade High School and

attended college at Johnson City,
Tenn. He is now employed as book-
keeper in the office of the Coca
Cola Bottling Plant at Pahokee.

After their honeymoon at Day-
tona Beach Mr. and Mrs. Broome
will make their home in Belle
Glade.

Births

Mr. and Mrs. Harry Sheppard
(Patricia Crady) of Pahokee an-
nounce the birth of a son, Lee Mar-
tin, at the Everglades Memorial
Hospital, Oct. 26.

Mr. and Mrs. William H. (Bill)
Hatton of Colonial Heights, Va.,
announce the birth of a son, William
Russell, at the Army base
hospital there, Oct. 9. Mr. and Mrs.
Joseph Hatton, Sr., of Pahokee are
the paternal grandparents.

HALLOWEEN KING AND QUEEN IS CROWNED

James Batchelor was crowned
king at Halloween and Carol Mae
Hatton, queen, at the Halloween
party held in the Woman's Club
building, with members of Girl
Scout Troop 38 acting as hostesses.
Special recognition was given to
Billy Boe, Becky Grimes and Roberto
Frank for their outstanding
costume. Dancing and games were
enjoyed. Refreshments were served
to approximately 65.

... Growing with the Future

a castle in the air costs nothing —but you can't live in it!

Make your dream house come true! It's easy —through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum or the largest fixed sum your pay before your tax is deducted—a few dollars, or as much as you want. After that, you're going automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Savings Bonds. Because Savings Bonds earn solid interest—2½ cumulative continuously when held to maturity.

—the few dollars saved from your pay each week soon grow into big, permanent amounts. For instance, if you sign for \$250 a week, in just five years you'll have \$2,750 to cash. If 9 years, \$5,250; just 12 years, \$7,500.

So don't let down payments get you down. Meet your needs for family living—without getting into a lifetime of debt. For more information, contact the Payroll Savings Plan Office. Or, if you're self-employed, contact the Payroll Savings Plan office you bank. Start now to make your dreams come true!

If you want your savings or savings bonds, call your Payroll Savings Plan office or your bank. They'll mail you a booklet describing the Payroll Savings Plan and how to get started.

Blue Devils Win Over Brahmins

Following a rousing 40-13 victory over the Okeechobee Brahmins at Okeechobee Friday night, Coach Web Pell's Pahokee High Blue Devils will be traveling again this Friday night, this time to the East Coast for a tussle with the Stuart Tigers.

The Blue Devils, with a 2-4-0 record to date, have won both the games they played outside the Suncoast Conference but against conference competitors they haven't fared so well, losing all four of the games played within the league to date. There is little prospect that the Tigers, also a conference opponent of the northern division stripe, will be any easier to topple than conference teams faced earlier in the season, unless it is a fact the Blue Devils have really "found themselves" and continue to play the type of football they played last week.

Against the Brahmins the Blue Devils generated a crushing ground attack that scored in every quarter, six points in the first, 13 in the second, seven in the third and 14 in the fourth. Halfback Doug Blanton accounted for 230 of the 340 yards Pahokee gained rushing and scored two of the touchdowns. Benny Baxter also made two touchdowns, Henry Holt, one, and John Davis, one. Conversions for points after touchdowns were made by Davis, two, Holt, one, and Joey Alderman, one. In the line the work of Thor Hatton in paving the way for Blue Devil backs was outstanding.

State Chamber To Meet Tampa Nov. 15

JACKSONVILLE—The Florida State Chamber of Commerce which was founded in 1916 will hold its 43rd annual meeting at Tampa on Nov. 15, 16 and 17. The convention's slogan will be "Florida, Top of 50," by which is meant that Floridians aspire to top all sister states in all important economic categories.

The gathering will be strongly flavored by free enterprise results and philosophy, according to the organization's president, J. J. Parry, Jr., of Titusville.

The convention keynoter will be Milton N. Weir of Boca Raton who is president of Arvida Corporation. Nov. 16.

A New York editor will speak on the subject of marketing. He is John H. Caldwell of Sales Management magazine. He will address the luncheon on Nov. 16.

On the afternoon of Nov. 16 the several hundred state leaders expected to attend the conclave will make a tour of Industrial Tampa.

On the morning of Nov. 17 discussions will center on Florida's ports and foreign trade, merchants' affairs, the quadricentennial celebrations to come, the organization's national policies. Earl W. Brown will present plans for the holding of a 1960 show in New York City's coliseum.

The governor of Indiana, Harold W. Handley, will address the luncheon session Nov. 17, on the subject of state's rights. Governor Handley gained considerable national fame a few years ago by affixing his signature to Indiana's right-to-work act while unionists were battering down his office door.

Dr. Geo. Arceneaux Visit Breeding Station

Dr. George Arceneaux, former Pahokee resident now living at Pas Christian, Miss., was a visitor at the USDA Sugar Cane Breeding Station in Canal Point this week while enroute to Santo Domingo. Dr. Arceneaux has established an international research laboratory at Pas Christian, where he serves as consultant on sugar cane for various sugar companies in countries of the West Indies and Central America.

US1 Work Nearing Completion, 401 Miles

TALLAHASSEE—It is the hope of the State Road Department to place all of the unfinished portions for four laning U. S. 1, from the Georgia line to Florida City under contract before Governor LeRoy Collins term expires in 1961.

The highway has not been four-laned for a distance of 330 miles and another 19 miles is under construction, with an additional 51 miles budgeted. Under construction now are 10 miles in Dade County, two miles in St. Johns County and seven miles in Brevard County.

For most of its length U. S. 1 will be a four-lane divided highway except for certain urban areas where it was not practical to construct a medium strip because of the high price of right-of-way within the city limits.

When completed U. S. 1 will be one of the longest as well as the most modern freeways in the nation with a total mileage of 401 miles.

Car Demolishes Griffis Home

The home of Mr. and Mrs. W. Frank Griffis, located at the curve on US 441 150 feet south of the West Palm Beach Canal bridge at Canal Point, was damaged in excess of \$1,400 at 4:15 a. m., Friday, when a north-bound 1953 student-baker sedan driven by John Edward Taber, 22, of Miami left the highway and smashed into the front bedroom of the Griffis home, making a shambles of the entire room.

Luckily the bedroom was not occupied at the time. Mr. and Mrs. Griffis and daughter, Frances, sleeping in the back of the house, were not hurt. Taber was taken to the Everglades Memorial Hospital for treatment of broken facial bones. He was charged by FHP Trooper Jim Jones, who investigated the accident, of driving too fast for road conditions.

The car was completely wrecked. Its owner, J. D. Fowler, riding in the front seat with Taber, was unharmed. This is the second time the Griffis home has been struck by a car. Two months ago a south-bound vehicle left the highway and struck the corner of the same bedroom, however, damage in that accident was much less than in the one Friday morning.

Homer S. Kuney Is Trustee Candidate

Homer S. Kuney of Lake Worth has announced his candidacy for School Trustee of Palm Beach County for the area lying East of Twenty Mile Bend and South of West Palm Beach Canal. In presenting his qualifications he stated that he was interested in the betterment of our Schools in Palm Beach County in continuing to improve the quality of the teaching staff and school facilities. Education particularly from the first grade thru Junior College is big business. "Big Business" should be handled by persons trained and experienced in business and versed in school affairs.

Mr. Kuney was born and reared at Seneca Falls, N. Y. where he received his high school training at Mynderse Academy. He completed a course in Business Administration at the Rochester, N. Y. School of Commerce and attended Allegheny College, at Meadville, Penn. Before coming to Florida in 1950, Mr. Kuney operated his own general insurance agency at Seneca Falls and was active in the civic affairs of his village, particularly The March of Dimes. He is keenly interested in the immunization program carried on through cut the school system for the betterment of our children.

Upon his arrival in Lake Worth he became associated with the real estate and insurance business operated by A. D. and Alice Clark in April 1951 and has managed this office since 1952.
